HITS DEFAMERS  
OF NEW MEXICO

**Reform Press Misstatements on Political Evils Should Be Stopped, He Declares.**

**Special to The Herald:**

SANTA FE, Feb. 1.—That the propaganda started by the Taxpayers association and some newspapers controlled by would-be reformers should be stopped by the business men of New Mexico was the statement made by Charles Springer, highway commission chairman, before the Kiwanis club here yesterday.

The people of the state cannot afford to have statements in the press all the time that this is a wicked commonwealth upon which politicians have a stranglehold," he said. "It is the duty of the people to put a stop to this and see that newspaper publishers and the traitors

Springer charged were the Taxpayers association who dominated the Santa Fe railway and was against progress by the people of New Mexico.

Their propaganda," he said, "makes to show that taxes have gone up out of sight. But we can't have good things without paying for them. They forget in giving comparative statistics of government costs that we started at zero a few years ago. The increase of income tax in taxation of goods and services has amounted to many hundred millions because we started at such a low figure."

He said the state could pay for these things and should do so, and comparison of the New Mexican tax rates with those of other states showed New Mexico was so kindly off.

Don't take the statement of the ordinary blower; the tax records are in. The estimate before you induces the thought.

The people of this country have to pay for their part of the world we. Every one has to pay for the period of his profits that come in this country. Taxes are hard, but that is no reason to close the schools and stop work on the roads. We must deny ourselves and pay for these things.

The United States is undertaking the greatest road-building program ever attempted in any country. It is for us to say whether it shall go on or not. The money spent already expended will be wasted.

Springer said that he had no objections to statements about the fact in the newspapers, so long as they were accurate.

May Be Extended to

**Special to The Herald:**

SANTA FE, Feb. 1.—The south-western part of San Miguel county and the northern part of Torrance probably will be included in the dog quarantine declared by the public health bureau.

The outbreak of rabies, which caused the bureau's action, appeared in south-western San Miguel among goats which apparently had been attacked by bobcats, but it was believed there was danger of the disease spreading elsewhere within 10 or 20 miles of the place.

The biological survey has started an intensive drive against bobcats and coyotes and other predatory animals in the district where the disease first sprung up.

Las Vegas Go Up to  
13 Cents a Quart**Special to The Herald:**

LAS VEGAS, Feb. 1.—Milk prices in this city today ascended.

Milk now cost the consumer seven cents, while the price for a quart has gone to thirteen cents. An increase in prices for feed for stock is given by most dairymen as the reason for this unexpected rise but there has been a fight on among the dairymen for several months which has been partly responsible for the low prices.
